

Dear EMA Members,

Lausanne, 15th October 2021

The last month we could come back to organize our European Masters Championships. Valtramontina welcomed more than 500 athletes and guests in the Italian Mountains. One week later, Ancona hosted the first EMA **Festival of Silver Age** and athletes of 11 Countries listened to seminars and “living books”. Training, historical tours, and competitions were part of the program offered by FIDAL.

Now we have to look forward to. In Braga we will meet for the Indoor events from the 20th up to 27th February. We had to move one day forward because of the CROSS and finish on Sunday. On Monday we will elect the new EMA Council. The General Assembly is planned for February 28th 09.00 – 14.00h.

Following our Constitution:

14.3 The General Secretary shall confirm members of the opening date of the General Assembly not later than 120 days in advance of the meeting.

31.10.2021

14.4 Proposals of the Members may be notified to the General Secretary in writing 90 days prior to the General Assembly.

01.12.2021

14.5 The General Assembly shall be convened at least 45 days prior to the meeting, in writing with the General Assembly agenda, standing orders and meeting procedure.

15.01.2021

EMA Council will meet in Lausanne a last time to discuss proposals, make decisions of the next championships, and plan the budget for the following year.

This meeting will be held in the EA Office November 26th – 28th.

Until December 1st the Members need to decide to nominate candidates for the new council of EMA. It would be a pleasure for the old council to work hand in hand with the new persons who like to develop EMA for the

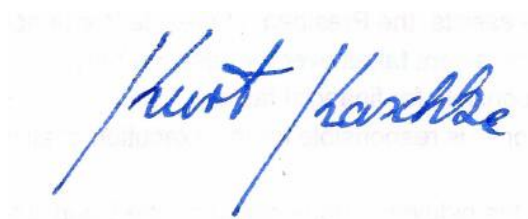

next years. On February 19th it is planned to meet the candidates in Braga and to discuss the future steps.

Candidates who like to apply need to send a **Curriculum Vitae** and a **Support Letter of the National Governing Body of Athletics** (WA Member) to our General Secretary.

Here again the new overview of the Championships EMAC and WMAC.

Year	Event	Place	Country	Status	Entry
